REGIONAL E-WASTE STRATEGY ACTION PLAN STATUS – KENYA, 11TH MAY 2018

Pillar	Strategies	Strategic Actions	Inputs	Proposed Budget (USD)					Total Budget	Responsible	Time frame	Status
				2017/18	2018/19	2019/20	2020/21	2021/22				
Policy, Legal and regulatory frameworks	1.1To harmonize policy legal and regulatory framework for e-waste management in the EACO member states	1.1.1 Review existing Policy, laws, standards and guidelines for e-waste management in EACO member states to identify gaps	Workshops, Meetings Desk review	50,000	50,000				100,000	EACO - RSC, EACO WG10	2019	**Review already done and gaps identified leading to development of the below documents**
		1.2.1 Develop Regional e-	Technical working group	50,000					50,000	EACO - RSC,	2018	**1) Kenya has a provision on E-waste in its Waste Management Law**

		waste policy, guidelines, laws, regulations and standards to act as model guiding national strategies.	Workshops							EACO WG10		2) **Kenya has Guidelines on E-waste Management** 3) **Policy, Regulations and Standards on E-waste are still Ongoing;**
		1.1.3 Disseminate regional e-waste management policy, guidelines and standards to cater for the uniqueness of e-waste in EACO member states	Workshops		20,000	20,000	20,000			60,000	EACO - RSC, EACO WG10	2020	1) **Kenya has already started disseminating the EACO Regional E-waste Strategy to stakeholders. 100 physical copies distributed. Soft copies have also been shared.** 2) **Dissemination is Ongoing;**
		1.1.4 Facilitate the adoption and entrenchment	Workshops Meetings					50,000	50,000	100,000	EACO - RSC, EACO WG10		1) **Ongoing through various meetings of NSC and other engagement fora ;**

Focus Area	Objective	Activity	Method/Output						Total	Responsible	Timeline	Remarks
		of regional e-waste policy, guidelines and standards.										2) **Observing that EAC member countries are at different level of economic development, the rate of adoption and entrenchment might differ.**
		1.1.5 Advocate for alignments of national policies, guidelines and standards to developed regional policies, standards and guidelines	Advocacy Workshops Meetings				20,000	20,000	40,000	EACO - RSC, EACO		1) **Ongoing. Ministry of Environment is updated and has taken up this role.** 2) **However experiencing variety of challenges at different levels i.e. Inadequate resource to facilitate hosting of meetings, carry out capacity building etc.**
Infrastructure for E-waste Management	2.1 To ensure rationalization of e-waste management	2.1.1 Conduct baseline survey on E-waste generation and volumes and develop an updated	Consultancy Workshops	50,000					50,000	EACO - RSC, EACO WG10	2018	1) **Kenya's ICT Regulator already conducted a survey and is planning to update the same in 2019.** 2) **Various small scale baseline survey being done at different levels**

infrastructu re in the EACO member states	inventory to inform priority e-waste management infrastructure in the EACO member states											**by academia, private and government organizations addressing specific thematic areas i.e. pollutions , generations (real figure unavailable only estimations). Therefore there is still need to carry out an integrated research which is holistic in nature.**
	2.1.2 Conduct an E-waste management infrastructure requirements analysis for the EACO member states	Consultan cy/ Workshop s/	50,000						50,000	EACO - RSC, EACO WG10	2018	**1) Ongoing;** **2) E-waste management infrastructure requirements analysis being done and implemented by formal and informal E-waste sectors in partnership with E-waste generators. None from government side (concerned ministries) as of now.**

												3) Need for establishments of Standards to be complied with, tailored to guide sustainable E-waste management (recycling and processing) for E-waste entrepreneurs (both formal and informal) as well as Producers.
		2.1.3. develop an e-waste management infrastructure roll out plan	Consultancy Workshop	50,000					50,000	EACO - RSC, EACO WG10	2018	**1) Not done** **2) However, Kenya has 1 major recycler and a host of collectors**
		2.1.4 Put in place appropriate mechanisms for collection, transportation and disposal of e-waste such as the take-back systems with incentives for	Trainings, Workshops, Technical working group	20,000	20,000	20,000	20,000	20,000	100,000	EACO - RSC, EACO WG10, National steering committee.	2022	**1) Ongoing;** **2) It is expected that with the approval of E-waste Regulations, these mechanisms will be strengthened**

		consumers, door-to-door collection etc										
		2.1.5 Facilitate the development of a regional modern dismantling and recovery facility within the EACO member states	Consultancy/ Technical working group Workshops,	100,000						100,000	EACO - RSC, EACO WG10	2018	**Ongoing consultation with the RSC and EACO;**
Resource mobilization	3.1Put in place a comprehensive Resource Mobilization mechanism for e-waste management	3.1.1 Develop a Resource Mobilization Strategy for effective implementation of EACO e-waste Management Strategic Plan	Consultancy/ Technical working groups	20,000						20,000	EACO - RSC, EACO WG10	2018	**Kenya's Ministry of Environment and NEMA together with NSC are consulting on how to mobilize resources for this.-**

				4000	4000	4000	4000	4000	20,000	EACO, RSC, WG 10		**Ongoing;**
		3.1.2 Streamline funding mechanisms for e-waste management	-									
		3.1.3 Engage EEE producers/retailers in strategic partnerships including financing the e-waste collection, transportation and treatment through the extended producer responsibility	Meetings/ workshop	5,000	5,000	5,000	5,000	5,000	25,000	EACO - RSC, EACO WG10	2022	**Ongoing;**

		and advanced recycling fee										
		3.1.4 Conduct a feasibility study for the establishment of EACO e-waste fund.	Consultancy Workshop	20,000	20,000				40,000	EACO - RSC, EACO WG10	2019	**Ongoing consultation with EACO**
		3.1.5 Set up an EACO e-waste fund which will collect EPR fees, ARF individual and corporate contributions etc	Operation /	10,000	10,000	10,000	10,000	10,000	50,000	EACO - RSC, EACO WG10	2022	**Ongoing consultation with EACO**
		3.1.6 Engage regional and international organizations such as UNIDO, ITU, STEP, UNEP, World Bank, UNU, GIZ, Basel	Meetings Workshops, Proposals	5,000	5,000	5,000	5,000	5,000	25,000	EACO - RSC, EACO WG10	2022	**Ongoing;**

		convention, etc for resource mobilization.										
Institutional coordination and alignment	4.1 Strengthen EACO e-waste coordination structures at regional and national levels	4.1.1 Support the operations and functions of the Regional Steering Committee for effective coordination of the implementation of Regional e-waste Strategic plan	Meetings, Workshops, Operations, office	20,000	20,000	20,000	20,000	20,000	100,000	EACO - RSC, EACO WG10	2022	**Ongoing consultations with EACO.**
		4.1.2 Establish collaborative frameworks with key regulatory bodies and other relevant stakeholders for the proper management of	Meetings, Workshop	5,000	5,000	5,000	5,000	5,000	25,000	EACO - RSC, EACO WG10	2022	**Ongoing consultation with EACO.**

		e-waste in EACO member states.										
		4.1.3 Support the establishment of a Regional Producer Association as a mechanism for the implementation of EPR (Extended Producer responsibility), ARF (Advanced recycling fee), to enhance producer participation in e-waste management	Meetings, Operations	10,000	10,000	10,000	10,000	10,000	50,000	EACO - RSC, EACO WG10	2022	**Ongoing;**
		4.1.4 Establish proper mechanisms	-										**Ongoing meetings of NSC and planning a workshop;**

		for sharing experience and knowledge on E-waste management											
		4.1.5 Develop a communication and stakeholder engagement strategy on e-waste management	Consultancy/ Technical working groups	10,000	10,000					20,000	EACO - RSC, EACO WG10	2019	**Planned, though currently there are some intermittent communication on media on e-waste**
		4.1.6 Engage with key stakeholders such as Government, Academia, private sector, civil society and development partners to foster mainstreaming	Meetings Workshop	5,000	5,000					10,000	EACO - RSC, EACO WG10	2019	**Kenyan NSC continues to engage all stakeholders.**

		of e-waste management within their policies, work plans and budgets											
Research, Monitoring and Evaluation and Capacity building	Promote research and innovation in e-waste management	5.1.1 Conduct studies and baseline surveys on E-waste	Consultancy/ Technical working group	10,000	10,000					20,000	EACO - RSC, EACO WG10	2019	1) **Kenya's ICT Regulator already conducted a survey and is planning to update the same in 2019.** 2) **Various small scale baseline survey being done at different levels by academia, private and government organizations addressing specific thematic areas i.e. pollutions , generations (real figure unavailable only estimations). Therefore there is still need to carry out an integrated research which is holistic in nature.**

		Activity	Means						Total	Responsible	Year	Status
		5.1.2 Organize annual e-waste management innovation contests/ awards	Events, workshop	10,000	10,000	10,000	10,000	10,000	50,000	EACO - RSC, EACO WG10	2022	**Planned**
		5.1.3 Collaborate with research institution to promote research and innovation on e-waste	Workshops, conferences			10,000	10,000	10,000	30,000	EACO - RSC, EACO WG10		**Ongoing**
		5.1.4 Mainstream e-waste issues in educational curriculum at various levels especially in technical school	Workshops, Meetings			5,000	5,000	5,000	15,000	EACO - RSC, EACO WG10	2022	1) **Kenya's Kisii and Masinde Muliro Universities have already educational programmes on E-waste.** 2) **Ongoing;**
	Put in place a monitoring	5.1.1 Collaborate with		4000	4000	4000	4000	4000	20,000	EACO - RSC,		**Ongoing.**

	and evaluation mechanism for e-waste management nt	stakeholders to establish and maintain a data base for e-waste generations/ volumes								EACO WG10		
		5.1.2 Develop and implement a participatory monitoring and evaluation framework	Wokshops, Visits,	10,000	10,000	10,000	10,000	10,000	50,000	EACO - RSC, EACO WG10	2022	**Ongoing.**
		5.1.3 Conduct midterm review and final evaluation of the regional e-waste management strategy	Consultancy, workshops			20,000		20,000	40,000	EACO - RSC, EACO WG10	2022	**Planned**
		5.1.4 Support monitoring and evaluation for national e-waste	Workshops, Meetings	10,000	10,000	10,000	10,000	10,000	50,000	EACO - RSC, EACO WG10	2022	**Ongoing consultation with RSC**

		management initiatives in member states											
	Capacity Building and Awareness creation for e-waste management in EACO member states	5.1.5 Raise comprehensive awareness about e-waste and its management	workshop, IEC printed materials	10,000	10,000	10,000	10,000	10,000	50,000	EACO - RSC, EACO WG10	2022	**Ongoing through meetings, workshops, media**
		5.1.6 Build capacity amongst stakeholders and special interest groups such as informal sector, scheme operators etc.	Trainings, workshop, conferences	10,000	10,000	20,000	10,000	10,000	60,000	EACO - RSC, EACO WG10	2022	**Ongoing with support from EACO;**
		5.1.7 Undertake e-waste awareness campaigns in all member states	Campains Road shows , workshop	20,000	20,000	20,000	20,000	20,000	100,000	EACO - RSC, EACO WG10	2022	**Ongoing with support from EACO**

		targeting the general public, technical staff and local leaders										
		5.1.8 Networking with partner organizations through stakeholder meetings and dialogues	Meetings	5,000	5,000		5,000		15,000	EACO - RSC, EACO WG10	2020	**Ongoing;**
		5.1.9 Engage producers/retailers of EEE to participate in e-waste awareness campaigns	Meetings	5,000	5,000				10,000	EACO - RSC, EACO WG10	2019	**Ongoing**
		5.1.10 Participate in regional and international fora on best practices in e-	Travels, Meetings, conference	20,000	20,000	20,000	20,000	20,000	100,000	EACO - RSC, EACO WG10	2022	**1) Kenya participated in recent EWAM 2017.** **2) Ongoing;**

		waste management										
		5.1.11 Develop information, education and communication (IEC) packages for each stakeholder category	IEC materials	5,000	5,000	5,000	5,000	5,000	25,000	EACO - RSC, EACO WG10	2022	**Kenya has an E-waste brochure developed by the ICT Regulator.**
